

§ 97.1

47 CFR Ch. I (10-1-03 Edition)

Federal Communications Commission

§ 97.3

(5) *Amateur station.* A station in an amateur radio service consisting of the apparatus necessary for carrying on radiocommunications.

(6) *Automatic control.* The use of devices and procedures for control of a station when it is transmitting so that compliance with the FCC Rules is achieved without the control operator being present at a control point.

(7) *Auxiliary station.* An amateur station, other than in a message forwarding system, that is transmitting communications point-to-point within a system of cooperating amateur stations.

(8) *Bandwidth.* The width of a frequency band outside of which the mean power of the transmitted signal is at-

power of the transmitted signal is less than 1 percent of the mean power of the transmitted signal in the band.

(79)
